

media eye studios

internet marketing package

This feature is highly recommended for new sites and websites that are not reaching their potential with website visitors. The purpose of this program is to increase the visibility of your website, and the products and services you offer, generate a greater volume of interested traffic to your website and convert visitors into customers.

This marketing option offers:

- Optimization of up to 10 pages of your site (extra charge per additional page).
- Evaluation of your website performances in the search engines and directories.
- Website audit, keyword and competition analysis.
- Creation of a XML-formatted Site Map to improve Google's indexing performance on your website.
- Suggestion of website improvement to maximize search engine performance.
- One-time submission to directories and search engines of your target markets.
- Submission report showing all directories and search engines submitted to.
- Submission to Google Local Business Centre (USA and Canada only)
- Free Basic Listing in Biz Calgary (www.bizcalgary.com), Calgary's leading Business Directory

NOTE: We do not guarantee any rankings and no doorway pages, cloaking methods or other spam techniques will be used.
